**Subject:** RE: Ammonia Criteria Meeting

Chris,

He emailed me directly, so I'm going to respond to let him know that I forwarded his request to you and that EPA's involvement in the meeting is limited to providing the space and staff participating in discussions.

Lars

Lars - you can ignore this email. We are still trying to figure out how to deal with this guy. Will let you know, but for now you can leave him off the security list.

Not sure if you are familiar with him, but he learned about it from one of our invited participants. Since it's at EPA they feel like they can come regardless of whether they were invited.

> Given the topics of discussion, the scope of entities attending (State, federal, consultants, municipal) and the likely effect of any discussion on future efforts required to meet the criteria, we certainly want Bill to be able to attend to listen in. This meeting seems little different in structure and makeup than others EPA has conducted recently which had public access (you know- their "listening sessions").
